Opening of the BMW Welt

In this building designed by the Viennese firm of architects Coop Himmelb(l)au, the BMW company, with an eye to the future, will present itself to its customers, who can pick up their new cars here, and to its visitors. It focuses on BMW's brand world. Beginning with BMW automobiles, BMW motor sport and BMW innovations and continuing to BMW technology that can be personally experienced, the visitors will be able to inform themselves on the spot and form their impression. In the BMW World Forum concerts, exhibitions and live transmissions will be offered as will receptions, banquets and other celebrations in a sophisticated atmosphere. In every respect the new concept will satisfy culinary expectations as well. Thus visitors can look forward to a bistro, various restaurants as well as snacks and speciality coffees in the bookshop.

Beginning of 2007

The Opening of the Tram Museum

A tram museum is to be opened on the grounds of the Department of Municipal Utilities in the Ständlerstrasse in the Munich town district of Ramersdorf by the beginning of 2006. Historical tramcars will be on view, and a visit to the museum should certainly provide an experience. It is thus planned, for example, that the visitors can watch the mechanics restoring the vintage trams. A 90-year-old smithy from the West End of the city, where until about 10 years ago unique replacement parts were made for the vintage trams, will also be moved into the museum.

The 56th ARD International Music Competition

Each year some 500 musicians from all parts of the world apply to enter the International Music Competition of the ARD (the working pool of Germany's public broadcasting corporations) – it is one of the world's major classical competitions. Only four musicians are

admitted to the finals, which are traditionally held in the Herkulesaal of the Royal Residence with the Symphony Orchestra of the Bavarian Broadcasting Corporation.

For many artists who today are world-famous an award at the ARD Music Competition in Munich was a springboard for their careers: Jessye Norman, Francisco Araiza, Natalia Gutman, Christoph Eschenbach, Mitsuko Uchida, Thomas Quasthoff, Yuri Bashmet, Sharon Kam, Heinz Holliger, Isabelle Moretti, Peter Sadlo and Maurice André, to mention only some.
